WORK EXPERIENCE

Software Engineer

Aug'23- Present

V3 Tech Solutions, McKinney, Texas

- Built a responsive ReactJS front-end with HTML, CSS and JavaScript connected to a Node.js/Express.js back-end with REST APIs.
- Led the design and development of a compliance dashboard, resulting in a 30% increase in reporting efficiency.
- Optimized release cycles using Gitlab CI/CD, reducing downtime by 15%, and managed source code repositories with Git.
- Migrated our web application form on-premises to AWS, boosting scalability and performance.
- Managed and tracked project workflows with JIRA using agile methodology and monitored application health using Grafana.

Software Developer Intern

Apr'24- Jul'24

Porter Lee Corporation, Schaumburg, Illinois

- Enhanced Porter Lee's Evidence Management System with REST APIs using the Delphi Framework.
- Improved data security with JWT-based authentication and authorization protocols.
- Increased system performance by 20% through SQL query optimization and caching.
- Involved in the development of android mobile application in Java and .NET, boosting data efficiency by 30%.
- Facilitated seamless integration and understanding for developers by creating detailed API documentation using Swagger.

Software Developer Intern

Jan'21- Jun'21

Kaashiv InfoTech, Chennai, Tamil Nadu

- Contributed to a responsive, cross-browser-compatible, e-commerce web page using ReactJS.
- Maintained comprehensive documentation, including code, API documentation, and deployment environment.
- Optimized the application state management, resulting in a 20% increase in overall performance and user satisfaction.
- Utilized project management tools like Agile, Scrum, and JIRA and was able to troubleshoot problems on various projects.
- Collaborated with the team to implement new features, reducing page load time by 15%.

Data Analyst Intern

Aug'19-Dec'20

UNIQ Technologies, Chennai, Tamil Nadu

- Conducted exploratory data analysis on large datasets, identifying trends and patterns to support business decision-making.
- Identified outliers and anomalies using statistical techniques, improving data quality.
- Created dashboards with Tableau, streamlined data presentation, and provided actionable insights.
- Performed data visualization based on the analytical needs of the organization and participants.

PROJECTS

Hospital Portal | Java, Spring Boot, React JS, Tailwind CSS, MySQL

Sep'24

Developed a secure, high- performance full-stack microservice application using Spring Web Flux.

Airbnb Clone | React, Tailwind CSS, Express.js, MongoDB

May'24

• Built a full-stack application with user authentication, booking, and real-time filtering.

AI Summarizer Application | React, Tailwind CSS, Redux, REST APIs

Feb'23

• Built Created an AI Application for streamlined text summarization with API integration.

Online election System | React, Material UI, Redux, Git

Jan'23

Dec'22

• Developed a responsive Single-Page Application for election system, enhancing user experience and data retrieval.

Credit Card Fraud Detection | Python, Pandas, NumPy, Matplotlib, Seaborn

• Implemented a Fraud Detection model with KNN yielding 94% accuracy.

Breast Cancer Prediction | Python, Pandas, NumPy, Matplotlib, Seaborn

Oct'22

• A breast cancer prediction model, achieving 96% accuracy and 95% cross-validation score with Random Forest.

SKILLS

- Programming Language: C/C++, C#, Java, Python, JavaScript (ES6+), TypeScript, SQL
- Web Development: HTML, CSS, Tailwind CSS, Spring MVC, Spring Boot, Spring Web Flux, Spring Security, React, Redux, Node JS, Express JS, Delphi, REST API, CI/CD, Grafana
- Development Tools: Visual Studio Code, Chrome Developer Tools, Azure Data Studio, Jupyter, Docker, Kubernetes, Git
- Database/Cloud: AWS, GCP, SQL Server, MongoDB, PostgreSQL
- Machine Learning/Data Analysis: Python- SciKit Learn, Seaborn, Pandas, NumPy, Matplotlib, Tableau, Excel
- Operating Systems: Windows, MacOS, Linux

EDUCATION

Master of Science in Computer Science (GPA: 3.7/4.0)

Meta Front-End Developer Certification

May'23

Wichita State University. Kansas

Bachelor of Technology in Information Technology

May'21

Anna University, Chennai, India

CERTIFICATIONS

AWS Certified Cloud Practitioner

- HackerRank Advanced SQL Certification
- Machine Learning Specialization by Stanford University
